**Prior Council Action:** 8/10/06- Approved 12-month supply/service contract, with one 12-month extension option. 4/10/08- Approved increase to contract (Amendment No. 2). 6/5/08- Approved increase to contract for AE and added two extension options (Amendment No. 3). 8/28/08 – Approved increase to contract for Austin Energy (Amendment No. 4).

---

This contract provides the City with access to the State of Texas Department of Information Resources (DIR) contracts for software, software maintenance and support, technical training services, information resources technology services, and telecommunications products and services. The original contract established in 2006 was for 12-months, with one 12-month extension option. In April 2008, the contract was amended to add spending authority for DIR software purchases Citywide. In June of 2008, the contract was amended for the purchase of Maximo software for Austin Energy, and two additional extension options were added- one for 12 months and one for three months. Amendment No. 4 added funding to the two additional extension options and changed the final extension option from three months to 12 months.

This Proposed Amendment No. 5 will add spending authority to the contract for budgeted software and IT services purchased through DIR for Fiscal Year 2009 with an extension option for 2010.
